SUMMARY

Frontend Developer with hands-on experience in modern JavaScript frameworks like React and Next.js, and knowledge of backend technologies such as Node.js and MongoDB, ExpressJs. Focused on building seamless, user-friendly interfaces with full awareness of end-to-end application flow.

EXPERIENCE

- **Baseel Partners LLP**  August 2024 - March 2025
Web Developer intern London, UK
 - Worked on two projects VC Talent Pool and Maulee Foundation.
 - Developed responsive and interactive user interfaces using NextJs, TypeScript ensuring cross-browser compatibility and mobile-first design.
 - Collaborated with backend developers to integrate REST APIs, leading to a 25% increase in data retrieval efficiency on the client side.
 - Used version control tools like Git to manage codebase and collaborate with other developers effectively.
 - Identified and resolved over 50+ UI/UX bugs, resulting in a 20% drop in user-reported issues.

EDUCATION

- **Sandip University** July 2021 - May 2025
Bachelor's in Technology in Computer Science Engineering Nashik, India
 - CGPA: 8.4
- **Oxford Public School** 2019-2021
Intermediate Bihar, India
 - Grade: 82%
- **Vivekanand Mission Vidyapeeth** 2018-2019
Class Xth Bihar, India
 - Grade: 90%

PROJECTS

- **VC Talent Pool: It is a web app for hiring or manage talented candidates.** August 2024 - December 2024
Tools: [Nextjs, TypeScript, POSTMAN] [Live]
 - Worked on this project during my internship at **Baseel Partners LLP**.
 - Deployed multiple modules like **Policy, Performance, and Ticket**.
 - Make the Frontend Design using nextjs and tailwindcss and integrate the API in these modules.
- **Maulee Foundation: Maulee is a pioneering non-governmental organisation.** December 2024 - March 2025
Tools: [Nextjs, TypeScript, POSTMAN] [Live]
 - Maulee Foundation aims to drive long-term change through empowerment, and innovation.
 - Worked on this project during my internship at **Baseel Partners LLP**.
 - Deployed multiple modules like **Compliance, Charity System Questions, and Groups**.
 - Developed the **Charity Member** Module from scratch. .
- **SWETO'h: It is a food delivery web app.** January 2024 - Present
Tools: [HTML, CSS, React.js, JavaScript, TailwindCSS, Expressjs, Nodejs, Postman, MongoDB] [Live]
 - Developing a food delivery web application connecting the college canteen to campus buildings, facilitating 200+ daily orders and reducing student wait times by 40% during peak hours.
 - Implemented a responsive UI with TailwindCSS and React.js to enhance user experience across devices.
 - Built RESTful APIs using Express.js and Node.js for seamless communication between client and server.

SKILLS

- **Programming Languages:** C, C++, JavaScript, TypeScript
- **Web Technologies:** HTML, CSS, ReactJs, NextJs, NodeJs, ExpressJs, MongoDB, POSTMAN, Front-End Development
- **Other Tools & Technologies:** Git, GitHub, npm , yarn, PG Admin , TailwindCSS, BootStrap

ACHIEVEMENTS / EXTRACURRICULAR ACTIVITIES

- Solved 500+ Coding problems across all platforms.
- Top 5 in SUNHACK coding competition among 1000+ participants – Sandip University.
